### ITEM 4 – OTHER BUSINESS ACTIVITIES

#### Insurance Agent of MRP Insurance, LLC

The above-named is appointed with MRP Insurance, LLC, a licensed insurance agency in Iowa and a company owned under the parent company of MRP Holdings, Inc. They are also licensed as an agent through various insurance companies and can sell insurance and annuity products to clients and receive commissions when doing so.

Commissions earned are in addition to advisory fees earned in their capacity as an investment advisor representative.

This is a conflict of interest because the recommendations to purchase insurance and annuity products is based, at least partially, on the receipt of commission and not exclusively on each client’s interest to receive the best possible recommendation. Moreover, different insurance and annuity providers and different products pay different commission rates creating another conflict of interest in that the decision to recommend one insurance product over another can be based on the amount of commission they will receive. Elite Retirement Planning, LLC has implemented internal procedures to attempt to control these conflicts of interest:

- MRP has processes designed to evaluate each clients’ unique needs in order to recommend products in the client’s best interest.

- MRP provides clients with full disclosure and details of commissions received for selling insurance and annuity products.
- MRP's decision to recommend a particular insurance and annuity product is based on objective criteria and not based exclusively on the amount of commissions paid.

Clients are never obligated or required to purchase insurance products from or through the above-named and may select any independent insurance agent and/or agency to purchase insurance products. Regardless of the insurance agent selected, the insurance agent or agency will receive normal commission from the sale.
